

**Subject: 20/2024/TCC - Request for Cooperation in Locating a Device**

Dear TCC-CSIRT,

we are writing to formally request your cooperation in a matter involving the identification and location of a specific device on your network.

**Details of the Request:**

- **Network Range:** 2001:db8:7cc::/64
- **Device media access control address:** 00ca.7ad0.ea71
- **Purpose:** To locate a device of interest which is believed to be operating within the aforementioned network range.

This request is issued in connection with an ongoing investigation and is intended to assist law enforcement authorities in resolving this matter effectively. Your prompt and thorough cooperation in this regard is highly appreciated.

**Action Required:**

- Please conduct a search within the specified network range to identify and locate the device in question.
- Utilize the knowledge, that the device uses stateless autoconfiguration to connect to the IPv6 networks, and it is secured by MoggiePounce software, i.e. the device provides a webpage with statistical and localization data on port 1701/TCP.
- Provide us with any relevant information or findings that may assist in the investigation.

We understand the sensitivity of this request and assure you that any information provided will be handled with the utmost confidentiality and in accordance with legal protocols.

Thank you for your cooperation and assistance in this matter.

Sincerely,

Lt. John Doe  
Cyberdetective  
District 20 PD
